This letter will confirm that the bales of cotton enumerated below were produced and processed in compliance with organic certification requirements of the State of New Mexico Department of Agriculture as a certifier accredited by USDA/National Organic Program

The cotton was raised at Alvarez Farms and ginned at Mesa Farmer's Cooperative, La Mesa NM; both are Certified Organic by NMDA.

Methods to produce this cotton fully complies with all USDA/NOP organic requirements including passage of at least three years since the last application of a Prohibited material to the fields in which the cotton was grown. No Prohibited materials were used in the production or processing of these bales.

NMDA makes no claim as to the handling of these cotton bales after leaving Mesa Farmer's Cooperative.
